

pull this bill out of committee to at least give those physicians an opportunity to come down and make their case in support of this bill. Now the statistics are clear. It will save lives. It will save serious personal injury. It will save insurance premiums for all of us. It will save taxes for all of us through decreased Medicaid costs. It is in the best interest of all Nebraskans for this bill to pass. Now Senator Vickers indicated he doesn't like to tell people what to do with their lives. Well, I can appreciate that but we have laws across the board that we enact for the health and welfare of our citizens. It is difficult decisions for us to make, we make them, we impose restrictions on people throughout society for the best of all us.

PRESIDENT: Thirty minutes have expired and more than that for the declared time.

SENATOR HOAGLAND: Let me simply ask that the bill be pulled out of committee. Thank you, Mr. President.

PRESIDENT: And we will now proceed with the vote when we have Senators Landis and Goodrich with us, unless you want us to proceed now, Senator Hoagland, without Landis or Goodrich. What is the report from the Sergeant-at-Arms. How do you wish to proceed, Senator Hoagland?

SENATOR HOAGLAND: Why don't we just go ahead and have a board vote, Mr. President.

PRESIDENT: Machine vote. The motion is to raise LB 524 to the floor notwithstanding the action of the committee. All those in favor vote aye, opposed vote nay. Since this bill is in a situation of being locked in the committee 25 votes will be needed to raise it to the floor. In other words, the bill has not been killed. The motion is to raise LB 524 to General File notwithstanding the action of the committee. Please record your vote. The Chair will allow 15 seconds to record your vote. Please vote aye or nay. Five seconds. Senator Hoagland.

SENATOR HOAGLAND: Let me ask for a roll call, Mr. President.

PRESIDENT: Very well. The Clerk will call the roll. Answer aye or nay. The motion is to raise the bill to the
